

## January 2015 Newsletter

BBBBUURRRRRR was the word in Kerrville, Texas this month at the Buckhorn Lake Resort. We had 25 rigs with reservations, but because of the bad weather and sickness, six canceled. Concerned with the safety of his mom in icy conditions, Carlton and Arline came but stayed in a motel.

Thursday evening we enjoyed a meal together at Billy Gene's. The service was a little slow giving us more time to visit and as usual the food was great.

Saturday morning was very cold and icy. We had to be extra careful getting in and out of our trailers. Some had to wait until the ice on their doors thawed. The cold didn't keep us from gathering in the clubhouse enjoying each others' company and playing our usual games. Marie made wassail from an old family recipe which was delicious and kept our tummies happy and our bodies warm.

Karen graciously gave tours of her "new to her" rig. It has all the needed amenities and is very beautiful. Everyone was pleased to have her back.

Saturday night's pot luck was again a wonderful meal followed by visiting and games.

Our hosts this weekend, Jo & Janell Wolfe and Ron & Celeste Rogers kept the coffee pot going and served us a delicious Sunday breakfast of muffins and breakfast casseroles. Thank you for a job well done.
