March 2009

Top of the Hill RV Resort – Welfare Texas

Rain, rain and more rain . . . along with cold weather was the itinerary for our rally weekend. Not that we are complaining, a lot of prayers for rain were answered. Several of the campers that signed up were not able to make the campout due to the rain.

Members that attended the campout are the Gabriels, Collins, Shadrocks, Kregers, Klostermanns, Cooks, Hodges, Buckners, Wolfes, Webbs and the Brattens. Tom and Kay Bowen arrived at the rally but due to electrical problems had to leave for repairs. Guests, Ron & Sharon Shaw (friends of the Cooks) joined our campout.

Thursday - just about everyone stayed in their campers because of the weather until the evening and we gathered to play games and cards. Hazel and Marlene we missed you playing train.

Friday - was cold and raining and we stayed indoors playing Texas Hold'em and Train. Dinner was split into two groups. Some went for Mexican food and the rest went to the Hungry Horse. Reports that both places had good food.

Saturday - the Boerne sale days was cancelled due to the bad weather but a few of the ladies went into town shopping.

Ben & Janie Peek visited on Saturday afternoon and we all enjoyed visiting with them. It has been about three months since Ben had his operation and passed physical therapy and is ready to start camping.

Dewey and Martha Carlisle were not able to be at the campout because they could not get their camper out due to the wet weather, but they joined us on Saturday for the potluck dinner and games.

Our potluck dinners just keep getting better with each campout. All types of dishes and desserts were served. The food was enjoyed by all.

Birthdays

Carl Kreger (03/13) was the only one present to get a birthday presented by Edie Collins. Members not present were Johnnie Servis (3/06), Forrest Coleman (3/07), Nan Updike (03/18) Marlene Stephens (03/21) and Don Mohr (03/30). Birthday wishes to all.

The Kreger's did an excellent job on the continental breakfast. The menu included coffee, orange juice and wonderful muffins and fruit rolls.

If your RV Tanks are full and need to be dumped... where can you find a 'Dump Station'?

Well Google Maps has the answer for you. Here's what you do:

Open your web browser and go to the Google maps website
maps.google.com

Curtis is still seeing the doctor every week and the recovery is slow. His arm stays wrapped when he is outside the house. He is anxious to

do things, but will have to wait a while longer. He did drive the boat this past Monday while our daughter, granddaughter and I fished. We got enough for a really good fish meal.

Jo Cornell

Good news....The doctor has finally gotten Joe's blood where she wants it so no more injections....He will stay on other medication and have blood work done to make sure his blood stays where the doctor wants it.....It's not over but we are on our way....
