April 2009

Medina Lake RV Resort is Site of April Rally

It's springtime in Texas. It was a little cool with rain, Saturday morning around 5am awoke to thunder, lightning and rain for about an hour. Very welcomed to see and did not bother anyone one bit.

Medina Lake RV Resort is nestled among the hills. The lake needs a lot of water 27 feet low. but it's still a very picturesque RV Park. Just like the rest of us they need some rain.. The park has one of the nicer rally halls that we have used.

This park is situated on the old Leibold Ranch, which was once a very large ranch on the lake. It is managed by Greg and Gina Grothues, a nice young couple, who are Leibold descendants.

Our Wednesday arrivals were the Burns, Coleman, Carlisle, Kreger and Collins. Thursday arrivals were the Gabriels, Shadrocks, Wolfes, Buckners and Klostermann.

The group was completed on Friday with the arrival of the Primeaux.

It was great seeing Forrest Coleman and Ann Carson, they have been busy with visiting The Dakotas and now Forrest is back working part time. They hope to see us in December or January due to their active hunting season.

We had a cookout Thursday evening on the clubhouse porch. The park has 2 large stainless gas grill. Steaks and burgers were on the pit.

We went to Tadpoles for Friday dinner, special was all you could eat catfish, had by several with others having a variety of food, very fast service for all of us eating at one time and good food.

Several members toured the area around Lakehills and Medina Lake. Texas Hold'em, train and other games were enjoyed over the weekend.

We had another great potluck dinner on Saturday night, followed by announcements.

A continental breakfast closed out the rally Sunday morning. The menu included mayfair casserole made by Janell Wolfe, apple and strawberry pecan bread made by Sharry Buckner with coffee and juice.

The Wolfes and Buckners were hosts for the April rally.

It was really a great rally, with nice facilities and genial and helpful people in the park's front office.

Birthdays and Anniversaries

Happy Birthday to Paul Primeaux, not present were Charles Hodges, Jerry Sellars and Karen Hagar.

Happy Anniversaries to Wolfe's and Shadocks.

News from our members

The Peeks were unable to join us due to water heater problems with the trailer.

We are in New Mexico at Bandelier National Monument, we just received a call that our daughter Jeri Lyn has a possibility of Hepatitis C. She is presently in the infirmary at Lufkin State School in Lufkin

It will be a week before we know anything. Bill and Johnnie Servis

Spoke to Curtis Cornell and he is doing good and hopes to be released from his doctor this week from his surgery.

We understand that Larry Sellars is having some issues with his second knee operation and hope for a speedy recovery.

Joe Wolfe had the dreaded myelogram today and all went very well. No headache, no pain. He just needs to stay somewhat quiet for a couple of days. HA!!! We aren't sure how long it will take to get the results.

Thanks for all your prayers and concern. Joe and Janell Wolfe

The Cook's had tennis ball size hail on April 1st which caused damage to their house, trailer and truck. Loyal emailed me last week and said they should be able to make the May Campout that the trailer already has a new roof on it. They also have already had a new roof installed on their house.

We're going to return to Miller's Creek RV in Johnson City for our May Campout

The Lone Star Scouts will return to Miller's Creek RV Resort in Johnson City. Rally dates are May 14-17th. They have a nice rally room with wireless internet. Deadline date to sign up for the May campout is April 30th. Hosts for that weekend are The Cooks and Collins.
